

Clinic Profile

Health & Happiness Project (HHP)

1111 Anywhere Rd.
Anytown, NY 12345-6789
EIN: 12-3456789

HHP is a publicly funded community health center founded in 1990 by Victor D. Speight, M.D. His mission was to create a health center that did not have the atmosphere of an institution, but was a place where people could receive superior medical services and accompanying supportive care.

In 2007, HHP established new standards for quality management to assess services by medical providers. With a highly trained staff of medical personnel, HHP has become the center for testing, treatment, and care for individuals who are infected with or affected by HIV/AIDS in Anytown, NY and the surrounding area. Services provided at HHP's facilities include:

- Case management (non-medical)
- Child care services
- Early interventions services (Part A and B)
- Health education/risk reduction
- Home and community-based health services
- Housing services
- Linguistics services
- Medical case management (including treatment adherence)
- Medical nutrition therapy
- Medical transportation services
- Mental health services
- Oral health care services
- Outpatient/ambulatory medical care
- Outreach services
- Pediatric development assessment/early intervention services
- Psychosocial support services
- Referral for healthcare/supportive services
- Treatment adherence counseling

HHP provides several administrative support services to Part A New York. In addition, HHP also provides early intervention services to Part B grantees, New York and New Jersey. HHP also offers counseling and testing services on a confidential/anonymous basis. Finally, as a Part C provider and Part D service provider to Elmhurst Hospital Center, HHP provides primary health care services to eligible individuals.
